9.				
10.				

Please check each item below showing that you agree to the program's academic restrictions. I understand that:

- I can enroll in CSULB courses only if there is space available; CSULB degree-seeking students have priority registration over Study Abroad @ the Beach students
- My status at CSULB will not be the same as other CSULB students who have been admitted to degree programs
- Some courses from the CSULB catalog are not offered every semester and I have checked the [CSULB schedule of classes](#) for semester offerings
- I have only selected course subjects that are listed on www.ccpe.csulb.edu/studyabroadatthebeachcourses
- I will not be able to enroll in courses offered through the College of Business Administration, (Accountancy, Finance, Information Systems, International Business, Management and Human Resources Management, and Marketing), except for reserved courses.
- I may need to show proof that I have met prerequisites for courses in economics, engineering (all departments), sociology and graduate level courses (500+).
- Submission of this preliminary wish list does not guarantee enrollment into any specific courses, regardless of home university approval.
