The 'My Best Score' feature is designed to help you improve your results in one module, without having to retake the full exam. Your best score will always be the result recorded on the final certificate.

A personalised and motivating exam experience

The Reading and Listening modules are powered by computer-adaptive technology and tailor to your ability level. This means the level of difficulty changes in response to how you answer the questions, offering you a highly personalised and motivating test experience.

An internationally recognised certificate

Having a certificate from Cambridge as proof of your achievements in English can enhance your employability and future success.

The tests are logical and easy to navigate by candidates, and there is a wealth of free preparation materials that our students are finding extremely helpful.
