## Acknowledgement of country

RMIT University acknowledges the people of the Woi wurrung and Boon wurrung language groups of the eastern Kulin Nation on whose unceded lands we conduct the business of the University. RMIT University respectfully acknowledges their Ancestors and Elders, past and present. RMIT also acknowledges the Traditional Custodians and their Ancestors of the lands and waters across Australia where we conduct our business.

**Connect with RMIT on social media for all the latest news and updates.**

All programs are subject to change, including Vocational Education programs that are affected by National Training Package variations.

---

# Welcome

## Message from Vice-Chancellor Martin Bean

At RMIT we focus on giving everyone the chance to be their best, shape their future and belong.

We exist to prepare our students for workplaces that are rapidly evolving and we play a part in shaping a changing world.

That's what our *Ready for Life and Work* strategy is all about. And thanks to the passion of our extraordinary people, we're making it a reality.

It began in 1887 when Francis Ormond had a vision for helping workers acquire real-world skills. As society and the economy have become more sophisticated and complex, RMIT has maintained this vision and grown and changed alongside.

Now, we're a global University of design, technology and enterprise, with more than 82,000 students and 10,000 amazing teachers and staff who proudly live and breathe our purpose every day.

We're passionate about the communities we're part of and we're driven to make a purposeful contribution. We shape the world with our research and impactful partnerships with industry, government and enterprise.

And we provide life changing experiences when we give our students their first, second or even third opportunity to prepare for the world of work they aspire to.

Today, more than ever, the transformational power of education is lifelong, generations deep and worldwide. And the one certainty is more, and greater change, in every industry and every location.

So with the world unlike it's ever been before, we're focused on ensuring our students are Ready for Life and Work, whatever form that takes.

At RMIT, as we look to 2020 and beyond, we're excited about the possibilities.

---

# Why choose RMIT?

## Inspiring education

We're ranked in the top 1 per cent of universities globally, with an international reputation for excellence in technology, design and enterprise. Our educators are highly qualified, successful industry professionals, who'll inspire you with their passion and expertise. We also offer some of the most innovative and progressive programs in Australia. See our program pages for more details.

**Top 1%**  
of universities globally<sup>1</sup>

**#4**  
in Australia for staff qualifications<sup>3</sup>

**21:1**  
Student-teacher ratio

**#8**  
Graduate employment rate in Australia<sup>2</sup>

**91%**  
RMIT students recommend us to their friends<sup>4</sup>

## More options

Our flexible and stackable programs give you more options than most institutions. That's because we're a dual-sector university, so we can offer you everything from single subjects, certificates and diplomas, through to postgraduate, masters and PhD programs. With online and on-campus options, you can tailor and build your education to reach your career goals.

## Industry connections

We've built deep relationships with prestigious business partners around the world, so you'll get invaluable industry experience through collaborations, projects, internships and more. The connections you make now can set you up for the rest of your career, so it's our mission to get you job-ready with an amazing professional network to call on.

**13,000+**  
Australian network partners

**3,000+**  
International network partners

## Entrepreneurship and innovation

Whatever study area you choose, we have an exciting range of free modules and programs to support your dreams and help you develop agile, innovative ways of thinking. Whether you want to launch a new product, work smarter in your own business or be a corporate changemaker, we can back you with unique programs like Activator's Sandbox and LaunchHUB.

**\$1.2 million**  
funding allocated to start-ups in 2018

# Get ready to start your career

We offer a wide range of programs and services to complement your studies, so you can hit the ground running.

## Work Integrated Learning

Gain vital industry experience

Work-integrated learning (WIL) is embedded into every stage of your learning experience, so you'll be ready to make an impact from day one in your career.

You'll get the edge in today's competitive job market through industry work placements, seminars, field trips, projects and mentoring. You'll also get opportunities to try out your dream job and explore your career options through internships both locally and overseas.

## Activator

Think like an entrepreneur

### Learn

In today's ever-evolving job market, students need to be resilient, quick to adapt and ready to lead.

Activator offers a range of free experiential learning activities that will nurture your entrepreneurial talent, develop your creative problem-solving skills and instil agile ways of thinking, so you'll always be ahead of the curve.

- Meet successful entrepreneurs.
- Get hands-on experience through workshops, courses and internship opportunities.
- Get inspired by meet-ups, hackathons and bootcamps.
- Build your knowledge with online micro-credentials.

### Launch

If you have an amazing business idea or product innovation, Activator's Sandbox and LaunchHUB are two programs designed to take you from concept all the way through to launch. You'll also get access to prototyping activities, co-working space, and a pop-up retail store to promote and sell your products. If you qualify, you could access our \$7-million pre-seed Activator Capital Fund to support your new business venture!

 [rmitactivator.edu.au](http://rmitactivator.edu.au)

## RMIT Creds

Get ahead with micro-credentials

RMIT Creds are micro-credentials that build your general business and leadership skills beyond your study program. The credentials have been co-designed with industry to make you a more effective employee or business owner.

 [rmit.edu.au/creds](http://rmit.edu.au/creds)

## Future Edge, Job Shop and Career Hub

Get the jump on your competitors

Maximise your work prospects with our free career-coaching and employment services.

### Future Edge - Employability program

- Develop leadership and communication skills.
- Learn how to work in teams.
- Connect with students across RMIT.
- Get expert advice from industry partners and career consultants.
- Learn how to showcase your skills and experience to employers.

 [rmit.edu.au/future-edge](http://rmit.edu.au/future-edge)

### Job Shop and Career Hub - Career coaching

You can either speak to one of our friendly on-campus advisors at our Job Shop career centre; or go online to Career Hub to explore casual, part-time and volunteer work opportunities. You can also register for events, seminars, networking sessions and workshops, or book an appointment with a careers consultant for personalised advice.

 [rmit.edu.au/jobshop](http://rmit.edu.au/jobshop)

# Global experiences

Get ready for some life-changing moments. From international study opportunities to foreign work placements, you can gain invaluable life and work experience through our extensive network of global partners.

## Student exchange programs

Spend a semester or two at one of RMIT's 200+ partner institutions across 42 countries.

## Cross-campus study

Study at RMIT Vietnam's Ho Chi Minh City or Hanoi campuses for up to a year.

## Global summer and winter programs

Spend your summer or winter break at our European campus in Barcelona, RMIT Vietnam or one of our many partner institutions around the world.

## Global leadership programs

Develop your leadership style and enhance your cultural intelligence skills with a range of free programs offered in Melbourne and across Asia.

## Study tours

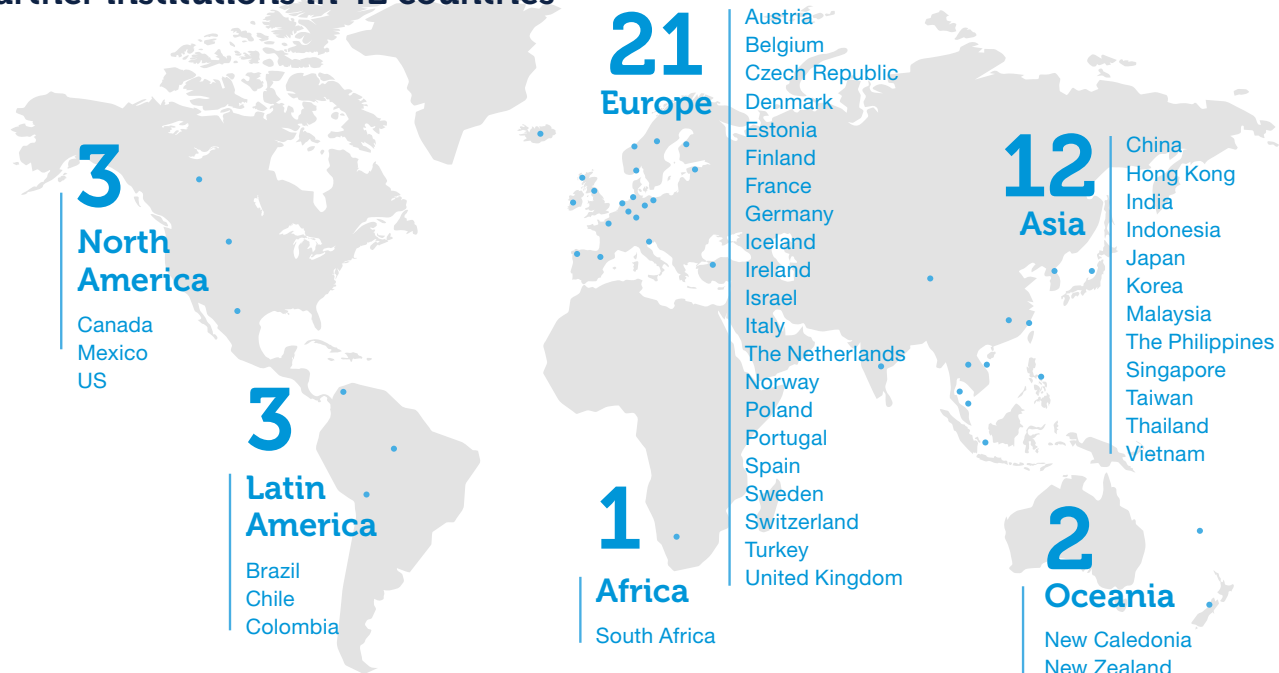

Join fellow students on a two to four-week trip to the Americas, Asia or Europe under the leadership of an RMIT academic.

## Industry experience

Broaden your horizons, build a global network and accelerate your career with international industry experience. As an RMIT student, you can access work-integrated learning, volunteer opportunities, internships, leadership training and research programs around the world.

[rmit.edu.au/global-experiences](https://rmit.edu.au/global-experiences)

## Partner institutions in 42 countries

# Your new life in Melbourne

Melbourne is a safe and welcoming city full of exciting possibilities.

Students from more than 190 countries have already made this city their home. Connect with them as you enjoy a world-class level of education and a lifestyle that will be the envy of all your friends.

Here are a few reasons you'll love Melbourne...

## Recreation

As one of the world's most liveable cities\*, Melbourne is known for its beautiful parks and gardens, clean air, open spaces, world-class recreational facilities and convenient transport.

## Art, culture and entertainment

Melbourne hosts a wide range of local and international events, with a year-round calendar spanning art, culture, music, fashion, food, markets, festivals, concerts and more.

## Shopping

It's a mecca for shoppers, offering everything from independent design markets and unique boutiques to international retailers and global luxury brands.

## World-class dining

A melting pot of cultures and traditions, Melbourne also offers some of the best cafes, pubs and restaurants in the world. With its lively laneways, coffee culture, rooftop bars, historic arcades and modern architecture, you will never be short of new places to discover and explore.

## Sport

Living in the sporting capital of Australia, you can watch international sports stars live in action at the Australian Open, the Australian Grand Prix, Test cricket and many other events.

## Events

There is so much to see and do in Melbourne. We'll help you get connected, so you'll soon feel very much a part of this vibrant, fun and friendly city.

Search online for **Study Melbourne**, **Broadsheet**, **Visit Melbourne**, **Urban List** and **What's On** for more information about the venues, events and activities that will make your student days the time of your life.

The Global Liveability Index gives Melbourne a perfect score for education, healthcare and infrastructure\*

\*The Global Liveability Index 2018

Melbourne is ranked as one of the top three student cities in the world\*

\*QS Best Student Cities 2018

# Getting set up

Melbourne sounds like a great place, right? But you'll want to research a few things before you make your big move.

Here's some important information about the cost of living in Melbourne and some links to help you plan.

## Set-up costs

You'll need to put aside AU\$3,000–\$5,000 to cover your set up costs, like rental deposit, one month's rent in advance; furniture and household items. Some student apartments come fully furnished, but private rental homes often do not.

Ongoing costs will depend on your lifestyle, location and choice of accommodation. Keep in mind that it's cheaper to live with housemates than living on your own, and a shared house can create lasting friendships in a new city. (For more information about the types of accommodation available, please see page 73).

## Bringing your family with you

If you want to bring your family with you, you'll need to organise visas for them and take care of them financially.

The government recommends that you allow for the following annual costs for you and your family as of 2018:

You: AU\$20,290  
Your partner: AU\$7,100  
Your child: AU\$3,040

Be prepared to show evidence of these funds in your bank account to qualify for a student visa. See Page 79 for more information. You can also visit the Department of Home Affairs website at [homeaffairs.gov.au](http://homeaffairs.gov.au)

## Weekly expenses

	AU\$
<b>Rent (shared)</b>	
City	250–350
Brunswick	200–300
Bundoora	175–250
<b>Electricity, gas and water</b>	35–140
<b>Food</b>	80–150
<b>Phone and internet</b>	20–55
<b>Public transport</b>	Up to 55
<b>Entertainment</b>	80–150
<b>Estimated weekly total</b>	<b>445–1,345</b>

## Children aged 5-15 years

Children aged between five and 15 years must go to school full time in Australia and you'll be responsible for their school fees each year.

For children under 5, we offer modern childcare services at a reasonable price to support your studies. Learn more on page 72.

[rmit.edu.au/prepare-to-arrive](http://rmit.edu.au/prepare-to-arrive)

## Did you know?

The minimum hourly wage in Australia is **65 per cent** higher than Canada's and almost **70 per cent** higher than London's?

Or that public transport per week is **75 per cent** cheaper in Melbourne than London?

Melbourne really is the place to be. See how our lifestyle and expenses stack up against other student cities in this handy comparison chart at:

[rmit.edu.au/living-cost-comparison](http://rmit.edu.au/living-cost-comparison)

# Explore our campuses

Our campuses are home to a dynamic and thriving student population, and are constantly evolving and expanding to meet the demands of modern university life.

They're designed to be accessible, convenient and supportive environments where you can explore, learn, research and create. You'll find award-winning buildings equipped with the latest facilities and sustainable design features, as well as comprehensive library collections, fitness and wellbeing facilities, quality cafes, and a wide range of support services onsite.

## We've got your back

The **Safezone App** gives you 24-hour access to campus security for peace of mind. We also offer a security escort service on request and secure bike parking on-campus.

### **Melbourne CBD** Heartbeat of the city

Situated in the heart of the CBD, the City campus on Swanston Street has been an iconic part of the Melbourne skyline for more than 130 years. The campus is surrounded by some of the world's best restaurants, cafes, galleries, theatres, retail outlets, recreational venues and parks. Conveniently located opposite Melbourne Central railway station, trains, trams and buses will take you virtually anywhere you need to go in the greater Melbourne area.

### **Brunswick** Creative hub

Brunswick is where multicultural Melbourne meets its creative soul. The campus is home to around 2,500 students and to many of RMIT's design-related programs, including fashion and textile technologies. Getting to and from the campus is easy. Jewell railway station, on the Upfield line, is a short walk away and the number 19 tram runs from Elizabeth Street in the city to the campus.

### **Bundoora** The great outdoors

Situated in the north of Melbourne, the Bundoora campus is home to many of RMIT's education, health and biomedical science programs. The campus features purpose-built laboratories, state-of-the-art teaching facilities and a number of sporting and recreational facilities. Surrounded by native bushland and tranquil parks, there's ample parking and it's well serviced by tram and bus routes.

### **New Academic Street**

Providing students with a unique, urban experience in the heart of the city, our award-winning New Academic Street features a state-of-the-art media precinct, arcades and laneways featuring pop-up retail space, a garden building, rooftop terraces, a brand new library and thoughtfully-designed student spaces.

### **Vietnam** Hanoi and Saigon South Spend a semester abroad at RMIT Vietnam and gain valuable experience in Asia.

 [rmit.edu.vn](http://rmit.edu.vn)

### **Europe** Take advantage of study tours, internships, mentoring, online business challenge and research opportunities at our European hub in Barcelona, Spain.

 [rmit.eu](http://rmit.eu)

---

# Student life

We'll give you plenty of opportunities to broaden your mind, meet new people, enjoy our urban spaces and really experience life while you study.

We offer an extensive range of social clubs, trips and tours, live music and regular events to get you involved and connected.

## Join a club

Connect with like-minded students and meet new friends in one of our many social clubs. You could find yourself hiking in the great outdoors, skiing in New Zealand, Latin dancing, swimming with dolphins, meditating on the beach, debating the finer points of the latest best-selling book and so much more. There really is something for everyone, so check out the comprehensive list of clubs and societies in the link below.

## Explore our events, trips and tours

Get involved in RMIT's free weekly food and music events, or be a tourist in your own backyard and check out popular Victorian tourist destinations on one of our trips or tours. You'll get to eat, see and experience more for less on a student budget.

## Get active

There's plenty of sport and fitness offerings to choose from. Have fun with social sport, join our Redbacks team, take part in free group fitness, or become a regular at the RMIT Sports Centre.

## Be creative

Join one of our creative writing, dance, design, film or visual and performing arts programs. Or simply chill in front of a latest release in our movie club.

## Become a leader

Whether you want to become part of a club's executive committee or help with our Redbacks team, find out how to develop your professional and personal skills. We also offer leadership training and networking opportunities to give you a clear advantage in the job market.

## Find out more about student life

 [rmit.edu.au/clubs-and-societies](https://rmit.edu.au/clubs-and-societies)

## Mates at RMIT

New to Melbourne? If you're joining us from a regional, rural, interstate or international location, we'll help you settle in to your new home with Mates at RMIT.

This program helps you build a social network on campus, so you'll always feel supported.

 [rmit.edu.au/mates-at-rmit](https://rmit.edu.au/mates-at-rmit)

# Research and innovation

Research at RMIT aims to solve critical global problems and deliver significant economic, social and environmental impact.

## Our 8 key focus areas

At RMIT we bring together researchers from 16 different disciplines across three colleges using our unique Enabling Capability Platforms. Through these platforms we focus on the following key research areas:

 **Biomedical and Health Innovation**

 **Advanced Manufacturing and Fabrication**

 **Global Business Innovation**

 **Advanced Materials**

 **Information and Systems (Engineering)**

 **Social Change**

 **Design and Creative Practice**

 **Urban Futures**

 [rmit.edu.au/ecp](https://rmit.edu.au/ecp)

## Our research centres and groups

Our research centres and groups solve real-world problems. Through our strong links with industry and government, you'll get the opportunity to do meaningful work that makes a lasting change in the world.

RMIT University also participates in Cooperative Research Centres and other national centres of excellence, giving you the opportunities and resources to make a valuable contribution to your field.

## Why do a research degree at RMIT?

You'll work in a vibrant, supportive environment, with access to advanced facilities, specialist resources and key opportunities to develop your career.

Our experienced supervisors will work closely with you to develop your skills and maximise your research outcomes.

While undertaking your research degree at RMIT you will have the opportunity to complete your PhD within 3.5 years. You'll be supervised while conducting independent research, regardless of your location.

We also offer a range of scholarships and have a range of government, industry and institutional sponsors.

## How can you get involved?

RMIT offers research programs at two levels:

**Masters by Research** 2 years full-time

**PhD** 4 years full-time

 [rmit.edu.au/how-to-apply-for-research](https://rmit.edu.au/how-to-apply-for-research)

## International partnerships

RMIT has a range of international partnership arrangements, including joint PhD/cotutelle and collaborative PhD partnerships. These research collaborations deliver a truly global research experience, connecting you to international leaders in your field and to a wide range of resources to support your research.

 [rmit.edu.au/international-research-partners](https://rmit.edu.au/international-research-partners)

### Bader Binhadyan, Saudi Arabia

PhD (Business Information Systems)  
Sponsored by Saudi Arabian Cultural Mission (SACM)

When I successfully completed my masters degree, I looked for a supervisor who could accept my research topic of the role of IT in ADHD treatment. I found a few, but chose RMIT because of my supervisor's knowledge in the field of e-health and RMIT's location, facilities and services. With my supervisor's support, I managed to publish two articles, two book chapters and, most recently, two encyclopedia entries.

# Alternative study options

RMIT offers a range of study options, to give you greater flexibility and convenience. You can be part of our Study Abroad program, go on a student exchange or even study online.

## RMIT Melbourne

If you're ready for an adventure, but don't want to commit to a full study program, you can enjoy a semester or two abroad at RMIT Melbourne.

While you enjoy Melbourne life, take advantage of our strong industry connections, innovative courses and practical learning to earn credits towards your degree\*.

Find out more about Study Abroad at:

 [rmit.edu.au/study-abroad](https://rmit.edu.au/study-abroad)

## RMIT Vietnam

If you'd like to get an internationally-recognised, Australian qualification but study within Asia, you can complete a full program at RMIT Vietnam.

With campuses in Hanoi and Saigon South, you can soak up the energy and culture of these cities, grow your Asian network and still graduate job-ready from RMIT.

You can also undertake a Study Abroad semester or internship program to earn credits towards your degree\*.

For more information on our programs and courses at:

 [rmit.edu.vn](https://rmit.edu.vn)

\* Subjects and courses studied at RMIT Melbourne and RMIT Vietnam can be credited towards your degree if you have approval from your home institution.

\*\* Selected subjects, courses and programs are available online. See our website for more details.

## Jose Joaquin Martinez, Mexico

I chose RMIT because of its great game design and animation program.

What I like best about studying here is the University's professors and their teaching method. They understand students' difficulties, and apply a practical approach and exercises to help us come up with solutions to problems.

Coming to RMIT in Melbourne has also made me more confident to travel and work anywhere in the world.

## RMIT Online

Did you know you can study a range of single subjects right through to full postgraduate degrees 100% online at RMIT?\*

We offer flexible learning options, so you can get your RMIT qualification from anywhere in the world\*\*.

 [rmit.edu.au/online](https://rmit.edu.au/online)

# Levels of study

Choose a level of study that's right for you.

## Pre-university

Get the marks you need and prepare for success at university. Discover a range of English language programs at RMIT English Worldwide (REW) and reach the level of English required, or get the scores you need with an accredited Foundation Studies program that offers guaranteed pathways into RMIT degrees and diplomas.

RMIT also offers a secondary school certificate program – the Victorian Certificate of Education (VCE).

## Vocational

Gain practical, job-related education and training. RMIT's certificates, diplomas and advanced diplomas offer applied learning, strong industry connections and pathways into a range of vocational and professional careers. Vocational study is also recognised as entry qualifications to higher levels of study.

## Undergraduate

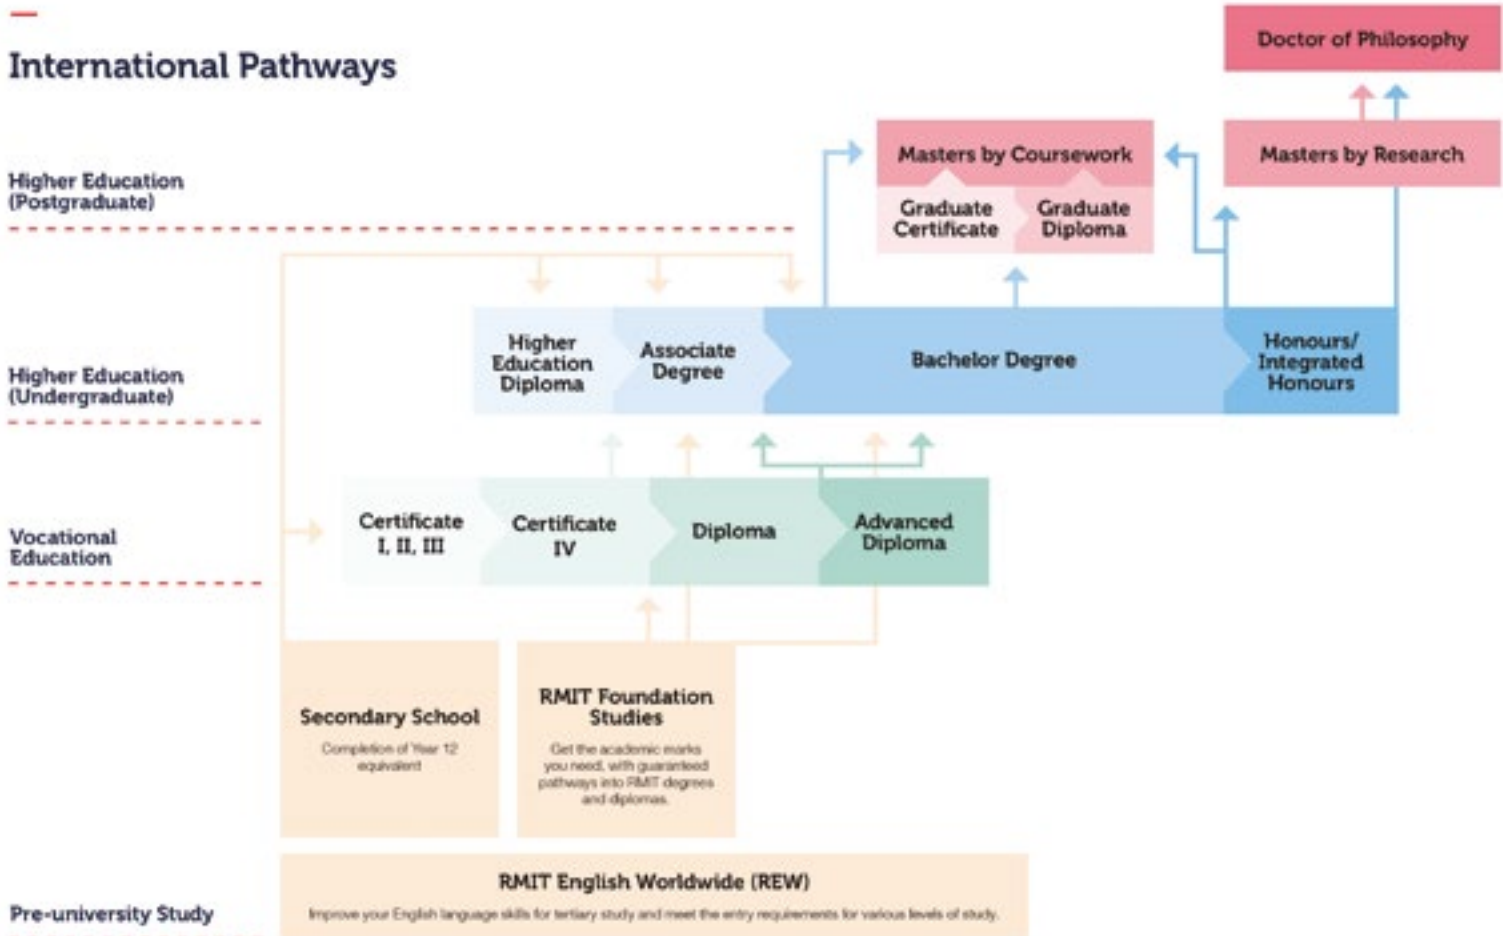

Obtain the qualifications for your dream job. Our Higher Education diplomas, associate degrees, bachelor degrees and honours degrees give you the knowledge and skills you need to start your new career.

## Postgraduate

Develop in-depth knowledge and advance your career. From graduate certificates and graduate diplomas to masters by coursework, RMIT's postgraduate programs deepen your knowledge and skills, helping you to advance or change your career.

## Research

Establish yourself as an expert in your field. RMIT's masters by research and PhDs allow you to pursue your own theories and ideas and contribute to research in your field.

# Pathways

Pathways provide opportunities for students to transfer from one program to another.

We call the different ways you can get from one program to another program 'pathways', because they are like steps on the path to reaching your goals.

## Internal pathways

Different levels of study at RMIT mean you can explore more than one way to get the qualification you want.

You can improve your English language skills by studying one of RMIT's English language programs or by choosing to study VCE (Year 12 high school certificate). Alternatively you can undertake Foundation Studies to help you get the marks you need and prepare you for success at university.

Alternatively, you may need to start with a certificate, diploma or advanced diploma. These are called 'Vocational Education' programs, because they are hands-on, job-focused and prepare you for work.

These pathways can reduce the cost and time to complete a degree – sometimes up to two years!

You can check if there is a pathway in to your preferred program by looking for the (insert pathways legend icon) symbol in this guide. If there is a Y marked in this column, that means there's a pathway available! Check our website for the specific programs that provide this pathway.

Note: Durations and pathways are based on a normal full-time study load. Variations may occur.

Note: Durations and pathways are based on a normal full-time study load. Variations may occur.

## External pathways

RMIT has pathway agreements with many partner institutions around the world.

If your institution has a pathway agreement with RMIT, you may be able to receive credit and reduce the time it takes to complete your preferred RMIT program. If you have qualifications from an institution that is not an RMIT partner, credit into your RMIT program will be assessed on a case-by-case basis.

For more information visit

 [rmit.edu.au/international/pathways](https://rmit.edu.au/international/pathways)

# Pre-University

Ensure you are 'RMIT Ready'.

## Academic English programs

Successfully completing REW's English for Academic Purposes (EAP) program allows you direct entry to RMIT without having to sit a further English language test.

The EAP program will help you develop skills in critical thinking, independent learning and working in groups. You will be enrolled in the level of study that best suits your English language ability.

Each level of study takes 10 weeks, full-time, to complete. Your total study time will depend on the level of English you start with and the level you need to achieve to enter your chosen program.

## Need proof of your English proficiency?

REW also offers the International English Language Testing System (IELTS) test and the Pearson Test of English Academic (PTE Academic) test.

[rmit.edu.au/english-programs](http://rmit.edu.au/english-programs)

## REW levels of study

English language test providers	Level of English needed to enter each REW level of study					
IELTS	3.5	4.0	4.5 no band < 4.0	5.0 no band < 4.5	5.5 no band < 5.0	6.0 no band < 5.5

## Foundation Studies

Foundation Studies is your direct pathway to degree programs at RMIT.

Don't have the score you need to enter your preferred degree program? Need to complete a specific subject or other prerequisites, such as Mathematics and English? If the answer is 'yes', join us as a Foundation Studies student.

Programs commence in February and July 2020. Enrolment and Orientation take place one week before classes start. Exact dates will be provided in your letter of offer. You must arrive in time for Enrolment.

Foundation Studies has tailored streams for you to choose from:

- Art, Design and Architecture
- Business
- Science, Engineering and Health

## Victorian Certificate of Education

Gain your secondary school certificate at RMIT.

The Victorian Certificate of Education (VCE) is recognised throughout Australia as a university entry qualification. RMIT offers VCE in Melbourne, Australia, and in Beijing, China, through the Beijing ZhongGuanCun Foreign Language School.

## You will experience:

### High-quality teaching and learning

Our teachers are experienced, helpful and passionate about you and your learning journey.

### Student support

Our staff are here to help you. They will welcome you to Melbourne and your program by providing advice, guidance, professional counselling and support. We want you to feel at home while you study with us.

### Mentoring

Having a friend to talk to as you adjust to your new study life will help you get the most out of your Foundation Studies program. We offer a free mentoring program to help you adjust to life at RMIT and in Melbourne.

### Social activities

There are lots of events throughout the year that will help you make new friends, explore Melbourne and have fun while you study. Our Student Experience team will offer you a range of activities to join.

### An engaging learning environment

We have specialist facilities that allow for small group activities and put students at the centre of their learning.

# Architecture

Become an innovator and lead the way with urban design in Australia and overseas.

Our programs are highly regarded by the international design community for their approach to designing better ways of living in our complex and rapidly changing world.

As a student, you will work on industry-relevant projects in an urban laboratory of design – the award-winning Design Hub, designed by RMIT alumni and architect Sean Godsell.

You'll learn through a studio model that simulates real architecture and urban design practice. In these studios our students engage with professionals to explore design research projects, allowing graduates to operate as empowered studio collaborators.

At RMIT, we examine architecture through three key pillars. Urban Environments is concerned with the practical value and consequences of infrastructure, and the human experience resulting from spatial planning. Advanced Architecture pursues new speculative design possibilities, encompassing new digital technologies and fabrication methods. Expanded Field deals with issues of ethics and sustainability, art and public space and the social needs of architecture.

## RMIT lights up the LAGI Biennial

RMIT students, staff and alumni were part of the NH Architecture team that was named the winner of the prestigious Land Art Generator Initiative (LAGI) Biennial Competition in Melbourne.

The NH Architecture team's project 'Light Up' featured 8,600 ultra-efficient flexible photovoltaic panels, wind energy harvesting and had an annual capacity of 2,220 megawatts. A swooping canopy is the key feature of the project, which is both a power plant and work of art.

Entries for the competition were received from more than 50 countries before a jury short listed 25 designs, including eight from Australia.

The LAGI Biennial Competition has previously been hosted by Dubai/Abu Dhabi, New York Freshkills Park, Copenhagen and Santa Monica.

Designed by Bachelor of Architectural Design student Nathalie Putri. Community Hub, Library and Civic Plaza, Springvale. Tutors: Jane and Paul Dash.

## WHY STUDY ARCHITECTURE AT RMIT?

#26 in the world for Architecture. Ranked in the top 4 architecture schools in Australia\*.

Globally recognised for design excellence, our School rated 'well above world standard' in the Australian Research Council 2012 and 2015 Excellence in Research in Australia (ERA) audit, achieving the highest possible ranking of 5.

Design from day one: from your first semester you'll be in hands-on design studios, developing drawing, 2D and 3D design skills, learning in an environment that models best practice of industry and innovative design firms.

You'll learn from international and local academics and teachers who are connected with industry and many of whom are award-winning architects and designers.

# Art

Hone your craft with Australia's number #1 art programs and establish yourself as an artist to watch.

Choose from a wide range of programs across visual art, fine art and photography, and learn about artforms and their techniques as you develop your practice in RMIT's purpose-built studios.

The global economy is progressively reliant on curated experiences and visual material, creating large demand for artists who can work across multiple mediums.

Our teaching style is centred on you as an individual, so you'll receive personal mentoring that challenges and pushes you to discover and form your own art practice or specialisation. Find your niche and graduate with the skills to exhibit internationally and nationally as a critically informed, contemporary artist.

At RMIT you'll enhance your creativity and innovation in studio environments where experimentation is possible and where supportive educators know the value of art in communities and cultures. You will be mentored and inspired by professional artists, photographers, writers, historians and curators to explore multiple media and conceptual tools and techniques, and narrow your focus to the core of what you want to say as an artist.

## Finding success outside of your comfort zone

Master of Fine Art graduate Tull Suwannakit is multi-talented as an artist, taxidermist, award-winning children's book writer and illustrator. He has established his own visual art school and exhibited internationally. Studying Fine Art gave Tull room to experiment and find his calling.

"Studying postgraduate art constantly challenges you to explore outside of your comfort zone and investigate new findings."

Faiza Reza (2017 Bachelor of Arts (Fine Art) graduate), Under my veil, 2017. Photo by Keelan O'Hehir.

# — Biomedical Sciences

Be inspired to make a difference.

From working with patients and researching new therapies to carrying out diagnostic tests – biomedical scientists make a real difference to the community.

Biomedical sciences help us understand disease, how it occurs, what happens and how we can control, cure and prevent it. Studying Biomedical Sciences at RMIT will have you providing practical solutions to global health issues and gaining a better understanding of the ever-increasing role that technology plays in how our bodies function.

All our programs are co-designed with industry to fully prepare you to work anywhere in Australia in diagnostic pathology, medical research pharmacy, laboratory medicine, pharmaceutical sciences and biomedical research.

## An inspirational career path

From an early age, Shabneet Sohi was motivated by a passion for researching cures for diseases and improving human life. Shabneet studied a Bachelor of Biomedical Science (Laboratory Medicine) at RMIT.

“RMIT is the only Victorian university that offers all of the major streams and the facilities, demonstrators, teaching staff and overall campus life is second to none.”

“RMIT ensures graduates are ready for the industry. In-depth theory coupled with recently upgraded laboratory equipment, correlates directly to what is being used in diagnostic laboratories around the country.”

“The highlight of the course was the professional practice year where I was fortunate to work in anatomical pathology at the Alfred Hospital.”

“Being able to apply classroom knowledge and practice in real life, making a difference to real cases gave me great satisfaction. I also made life-long connections important for being active in the industry.”

# Building

Create better urban and regional spaces for a sustainable future.

**Our graduates are building, construction and planning leaders who understand sustainability and the needs of growing cities and regions.**

More than half the world's population are living in cities. With the increase in urbanisation, the development of our environment is about more than just constructing buildings and roads.

Today's growing cities need to be carefully planned to create liveable and sustainable spaces that will accommodate diverse and growing communities.

Our accredited programs connect you with industry mentors to gain professional skills to design, plan, shape, finance and manage the urban spaces we work and live in.

You'll take part in internships that provide employment experiences to enhance your studies and prepare you for your career.

## Developing a strong foundation

As an architect, Mayuri Kulkarni wanted to enhance her skill set in managing construction projects, so she enrolled in the Master of Project Management at RMIT.

“As an international student I had initially struggled to understand the course structure and content, however I received constant support from the extremely knowledgeable and motivational staff, which made it much easier to cope.”

“Through practical coursework, site visits and case studies, I've learned so much, not just about project management but also related topics like sustainability and risk management. The program structure is extremely versatile and helps students to become industry-ready by the time they graduate.”

# Business

Study here. Succeed anywhere.

By studying our business programs, you'll develop skills relevant to your career aspirations. Let us help you turn your natural talents into skills valued by employers and the global marketplace.

Whether your goal is to develop new skills in business, build on existing knowledge, be a leader or problem-solver, or create new jobs for the future, we can help you make an impact.

We offer a range of flexible study options that take into account your previous experience and study requirements, whether you choose to study in Melbourne, Hanoi, Ho Chi Minh City or online.

Our business programs provide you with the fundamentals such as accounting, administration, marketing, project management and finance while letting you select electives that can develop your skills in persuasive communication, cross-cultural awareness, operational leadership and strategic decision-making.

## Making the leap from psychology to an MBA

Tina Dochana decided to build her business skills with the Master of Business Administration (MBA).

“My teachers were amazing. In the first week of my MBA, I got a lead on an internship, and that was all because I asked my lecturer.”

“A real highlight for me was when my team got selected to go to Montreal for a competition for a start-up company. When you go overseas, you realise that there are so many other cultural aspects to a business.”

No matter what options you choose, as an RMIT business graduate you'll learn the latest trends from industry professionals, benefit from our peer mentor and student ambassador programs, and be able to tap into professional networks to prepare you for work anywhere in the world.

Our industry-focused programs are embedded with opportunities for you to work on live industry projects, in professional practice or in simulated environments. You will be supported by passionate staff and peers to prepare you for a national or global career as a future business leader.

# Communication

Become a skilled communicator in the digital world.  
Find your creative direction.

## Develop your communication skills for a career in the rapidly changing media landscape.

The recently opened RMIT Media Precinct is a purpose-built facility with world-class design, animation, television and film studios. With four dedicated media studios, an in-house production location and the ability to livestream and broadcast on free-to-air television, there's no better place to learn the tricks of the trade.

Our programs bring industry practitioners into the classroom and simulate real-world work environments, projects and technologies.

As the digital media and communications sector becomes increasingly globalised, it's important that students have the opportunity to work on projects for global clients and take part in international programs.

In recent years our students have gained international industry experience in exciting locations such as New York, India, Cambodia and the South Pacific.

### Finding her voice

Jedda Costa was recognised at the 2018 Ricci Marks Awards Ceremony for her leadership in the Indigenous community. Costa's passion for communications has led her to be the first ever Indigenous officer in the RMIT Student Union. While studying a Bachelor of Communication (Journalism) she has gained work experience with SBS, ABC and Oxfam Australia.

"I want to be an advocate and a voice for those who can't necessarily speak for themselves."

"I really want to voice the concerns and needs of the students and help the University understand what we go through with cultural sensitivity."

---

# Community Services

Start your career in community services and unlock your potential to lead change.

Engage with the challenges and opportunities of a rapidly changing world and prepare yourself for success in local and international organisations, businesses and government agencies.

RMIT's Community Services programs and courses cater for those employed full-time and casually at all career levels, from pre-service to early career to professional.

You'll learn from passionate and engaged academics and teachers who actively work towards a fairer world for all.

Be the voice for the marginalised or a part of finding solutions that address global development problems.

Lead debate on social issues or be the crucial link between people of culturally and linguistically diverse backgrounds.

Our programs are professional qualifications with many being accredited by the leading industry body.

You'll find solutions to support people in need and influence the creation of fairer policies and access to social, health and legal services.

Have the opportunity to travel around the world while you study through study tours and exchanges with partner universities.

## STUDY AREAS

- International studies
- Languages, translating and interpreting
- Social work
- Public policy

## Solving real-world problems

Natassia Bell has come a long way since commencing her Bachelor of Arts (International Studies).

"I was drawn to the practical aspect of the program at RMIT, particularly the compulsory internship. Arts students always worry about their ability to get a job after they graduate, so gaining relevant experience as part of my degree is very exciting."

"The teaching staff are fantastic, I feel like my tutors and lecturers actually care about me. The City campus is also great. It's fun to look at and the student spaces are all really nice."

"International studies focuses a lot on real-world issues, and so most of the assignments we do are based on real-time world events."

# Design

Join Australia's leading destination for design.

RMIT immerses aspiring designers in hands-on studio learning to invent, visualise and prototype design solutions, modelled on the best practice of bespoke and commercial design firms and industry.

You'll learn from local and international academics and lecturers who are practising designers and connected with industry and the design community. They will guide you to become a business owner or a developer who can turn an idea into a commercially viable venture.

Through your studies you'll expand your design skills and gain valuable industry experience by working on client projects, learning from industry mentors and design experts, and using purpose-built studios and modern technology, equipment and software.

You'll investigate contemporary, cultural and environmental aspects of design and technology and graduate as a highly trained designer and visual problem solver.

At RMIT you'll learn to think and operate as a designer who can influence and shape the future of the design industry.

RMIT plays a pivotal role in design, with award-winning graduates recognised as driving industry, pushing creative boundaries and setting design standards.

Industry connections will allow you to apply your creative talents to real-world projects.

## Designing the future

Studying a Bachelor of Industrial Design (Honours) has enabled Richard Greenacre to pursue his love of furniture and lighting as his career.

“The degree has helped me to understand the realities of taking a design from concept to production. It has also introduced me to a broad spectrum of practising designers and helped me establish contacts within the industry.”

## TIPS FOR APPLYING FOR DESIGN PROGRAMS

Many design courses at RMIT require you to submit a folio or pre-selection kit along with your application.

These kits help RMIT consider your capacity to succeed in programs in art, design and other disciplines where your school grades might not tell the whole story about your creativity, skills and passions.

Play the video for some advice for preparing folios and pre-selection kits to help make the process easier.

 [rmit.edu.au/folio-preparation](https://www.rmit.edu.au/folio-preparation)

## STUDY AREAS

- Design, innovation and technology
- Graphic and communication design
- Industrial, furniture and product design
- Interior design

## WHY STUDY DESIGN AT RMIT?

#1 in Australia for Art and Design.\*

#11 in the world for Art and Design.\*

From the first semester you'll be hands-on in the studios learning 2D and 3D design skills.

Study in dedicated design laboratories and studios.

Engage in real-world projects that build your industry networks.

## CAREER OUTCOMES

### Graphic and communication design

- Graphic Designer
- Illustrator
- Creative Director
- User Experience Designer
- Service Designer
- Communication Designer

### Industrial, furniture and product design

- Product Designer
- Display and Exhibition Designer
- Production Manager
- Industrial Engineer
- Furniture Designer

# Education

Choose a rewarding profession and make a positive difference.

Few careers offer the chance to affect the lives of individuals as much as teaching.

From early childhood educators who guide learning through play to secondary teachers who encourage individual and critical thinking, teachers and educators are rewarded by their students' achievements and progress every day.

RMIT education programs prepare you for the classrooms of the future by combining technology with best-practice teaching methods.

As a student you will be immersed in all aspects of teaching as you gain practical and professional experience across different learning and education environments.

You'll be taught by education specialists with extensive practical experience and valuable insights on teaching, training and workforce development.

## WHY TEACH?

Teaching is a challenging yet rewarding profession. From seeing students achieve that 'light bulb' moment to guiding them in their future careers, here are five more reasons to pursue a career in teaching:

- Shape the lives of young people.
- Get transferable and globally recognised skills.
- There's strong demand for new teachers.
- Learn the value of tradition and innovation.
- Work in a challenging and rewarding profession.

## Passion with purpose

Zhuqin Zhang studied the Graduate Diploma in Education (Early Childhood) to become a kindergarten teacher, so she could help children reach their full potential.

"RMIT has a diverse cohort of students, and I've met lots of people from different countries who have shared their experiences with the rest of us. We all have different teaching philosophies, thanks to our different backgrounds, so it's always an interesting and challenging environment."

### WHY STUDY EDUCATION AT RMIT?

Among the world's top 100 universities in Education\*.

Gain globally recognised qualifications.

Discover what teaching is like around the world through global placement experiences.

Learn from education specialists with extensive practical experience in teaching.

Connect with a strong community of industry partners built up over 50 years.

\* Source: 2018 QS World University Rankings by Subject

For more information visit  
[rmit.edu.au/education](http://rmit.edu.au/education)

# Engineering

Make an impact on the world by turning technical discoveries into practical solutions.

More than ever, employers need graduates who can get the job done from day one. That's why RMIT's engineering programs are co-designed with industry, allowing you to gain practical experience working on real projects and developing skills employers value.

RMIT's engineering programs equip you with the professional and technical skills you need to put your innovation and creativity into practice. Through work placements, industry projects, internships, seminars and events, you'll be in contact with industry every step of the way.

You'll develop internationally recognised skills in the areas that interest you most, designing and creating products, systems, structures and services that transform industry and improve lives.

## Making a world of difference

Temitope Adebawale wants to use the knowledge from his Master of Engineering (Environmental Engineering) program to help rehabilitate areas damaged by mining in his home country, Nigeria.

"In my undergraduate degree, environmental geochemistry showed me how much we humans degrade the environment in our quest to meet our needs – especially in the mining sector."

"When I was looking for universities in Australia offering a master's degree in environmental engineering, RMIT stood out with some exciting courses such as water treatment engineering and advanced technologies for wastewater reclamation infrastructure."

RMIT also delivers specialised studies for professional engineers, addressing issues of sustainability both with energy and ageing infrastructure now and in the future. Engage with industry through placements and projects, and benefit from RMIT's strong industry partnerships that provide local and global opportunities. International experience such as overseas work experience, exchange and study tours will give you a competitive edge.

## MASTER ENGINEERING IN 5 YEARS

Start your career with advanced qualifications and expertise.

If you complete a 4 year Bachelor of Engineering (Honours) degree at RMIT, it will only take 1 year to complete a Master of Engineering in a similar field.

Our Master's degrees are usually 2 years, but with the exemptions RMIT grants you'll complete the Masters in half the time and at half the cost!

## STUDY AREAS

- Aerospace engineering and aviation
- Biomedical engineering
- Chemical engineering
- Civil engineering
- Computer engineering
- Electrical and electronic engineering
- Engineering management
- Environmental and sustainable engineering
- Mechanical and automotive engineering
- Mechatronics and manufacturing systems
- Telecommunications engineering

## WHY STUDY ENGINEERING AT RMIT?

Among the world's top 100 universities in Engineering (Electrical and Electronic)\*.

Among the world's top 100 universities in Engineering (Civil and Structural)\*.

Earn a globally recognised and accredited qualification - As a signatory to the International Engineering Alliance, many degrees and vocational education programs are recognised by the Washington Accord and the Dublin Accord respectively.

Engage with industry through placements and projects.

Expand your horizons with a global exchange or a study tour.

Bridge the gap between theory and practice with project-based learning.

A range of Advanced Diplomas and Associate Degrees provide pathways into Bachelor qualifications in Engineering.

## CAREER OUTCOMES

### Aerospace engineering

- Aerospace engineer
- Production Planner
- Systems Technician
- Aircraft Designer
- Air Safety Officer

### Aviation

- Airline Manager
- Airport Manager
- Aviation Consultant
- Commercial Pilot

### Biomedical engineering

- Industry Regulator
- Biomedical Researcher
- Biomedical Engineer

### Chemical engineering

- Chemical Engineer
- Product Design Consultant
- Petrochemical Researcher
- Plastic and Polymer Engineer
- Cosmetic Developer

### Civil engineering

- Structural Engineer
- Design Engineer Project Manager
- Infrastructure Manager
- Engineering Asset Manager

### Computer engineering

- Computer Engineer
- Network Designer
- Chief Technology Officer
- Systems Architect

#### Footnote

- A Program to be approved in March  
 E This program incurs additional costs.  
 R This program plan includes flight training and has the additional objective of training students to achieve competency as a pilot, leading ultimately to the issuance of a Commercial Pilot Licence (CPL).  
 T This fee includes the program's maximum allotted flight hours. If students require training above the allotted flight hours, further fee will apply. Furthermore, students for this program will also attract additional costs. A full list of material and other fees can be found at [rmit.edu.au/other-expenses](http://rmit.edu.au/other-expenses)  
 W Classes for this program are delivered across the City and Bundoora campuses. Students may be required to attend both locations.  
 CC Classes for this program are delivered across the Point Cook and City campuses. Students may be required to attend both locations.

# Fashion

Get a grounding in fashion and textiles and you could inspire trends around the world.

We are globally known for our progressive and dynamic fashion programs.

Informed by global trends and deep industry knowledge, our programs will help you develop your identity as a designer and build your entrepreneurial business skills, so you can thrive in the competitive fashion industry. You'll experience hands-on studio learning from the get go, with a strong focus on industry projects that give you direct insights into the global workplace.

You'll develop technical and practical skills that will allow you to work across the world in a range of industries and fields.

You could also showcase your collections at prestigious fashion events like the Virgin Australia Melbourne Fashion Festival, Melbourne Spring Fashion Week and London Graduate Fashion Week.

## STUDY AREAS

- Fashion and textiles
- Merchandising

## Fashion forward

Bachelor of Fashion (Design) (Honours) student Helena Dong won the prestigious student award at Melbourne Fashion Week (MFW) for her Choose Your Own Adventure-inspired project. The collection drew on Dong's childhood experiences migrating to Australia and explored themes of independence, vulnerability, chaos and resourcefulness. Dong's prize included an internship at Melbourne-based womenswear label bul and industry mentoring through the Australian Fashion Council. She also won a prestigious scholarship with the Australian Fashion Foundation (AUSFF).

"The Bachelor of Fashion (Design) (Hons) program extends beyond the technicality of the workroom and offers an environment that encourages individual and collaborative exploration. I've been able to produce interdisciplinary projects that feel genuine to me, and I am very grateful to have had opportunities to present them on an industry level through organisations such as MFW and AUSFF."

# Game Design

Create interactive new worlds with your design passion and technical skill.

Combine your digital art and design talents to be part of a booming industry, where you can let your imagination run wild.

Gaming and digital experiences are a booming industry around the world with more than 2.3 billion active gamers contributing \$US137.9 billion (\$AU191 billion) to the global games market\*.

Combine this with RMIT's strong industry connections and valuable workplace experience, and you'll be ready to work in the lucrative digital media, animation and games industries.

Develop your conceptual design, storytelling and specialist art skills to produce rich interactive experiences. Working across disciplines, you'll connect with students from different programs who will one day be part of your industry network.

You'll study in creative studios and workshops that encourage artistic and intellectual investigation. Across our games, interactive and digital media programs, you'll learn from passionate teachers and develop strong technical abilities in design, digital media, art, 2D and 3D design, motion graphics and special effects.

## A multi-skilled creative

Sze Sze Rowlinson turned her natural creative and artistic flair into a career by studying the Master of Animation, Games and Interactivity.

“I never truly saw myself working on a major big-budget game at a studio; I was more interested in interactive art installations and user experiences.”

“Being multifaceted in your abilities is very important, and RMIT has given me a broad skill set to prepare me for a career.”

# Health Science

Find practical health solutions to create a better future.

## Our graduates make a real difference to the lives of people in the community.

As the medical system moves from “sick care” to “health care”, there’s a strong focus on wellbeing, health promotion, prevention, early detection, diagnosis, treatment and care. It also means the demand for health science professionals is high and career prospects are strong.

Our diverse range of health, medical and wellbeing programs focus on providing practical solutions to global health issues. Programs are developed in consultation with practising professionals and many offer industry placements, student clinics and work experience in Australia and overseas.

Whether you’re studying in our anatomy labs, nursing wards, nuclear medicine workstations or on sports fields, our equipment and facilities are purpose-built to help you get the real-world skills that employers are looking for.

### Preparing for the future with practical experience

Bass Quilliam is preparing for a job in the health industry with a Bachelor of Nursing at RMIT.

“Ever since I remember, I always knew I wanted to be a health professional – so I could help people. So, I decided to become a nurse. I chose RMIT because it was easy to find my way around, and because of the great accommodation there.”

“RMIT definitely prepares me for the future, as there are hands-on practicals every week, where we learn vital skills with guidance from the academics who are and have been practicing health professionals. We also have placements every year in different hospitals and facilities to consolidate and broaden our learning.”

---

## RMIT'S HEALTH SCIENCES CLINIC

Located at Uni Hill Bundoora, RMIT's Health Sciences Clinic provides clinical training for students of Chinese medicine, chiropractic, osteopathy and psychology to meet registration requirements.

Under the supervision of registered practitioners and RMIT academic staff, senior students treat members of the public and provide clinical diagnosis, health advice and treatment for a range of conditions.

---

## STUDY AREAS

- Complementary medicine
- Medical radiations
- Nursing and allied health
- Optical dispensing
- Pharmacy
- Psychology
- Social work
- Sports science

---

## WHY STUDY HEALTH SCIENCE AT RMIT?

Purpose-built clinics, laboratories and classrooms help put theory and practice in context.

Work placements are an integral component of many programs, allowing students to gain experience and confidence both in Australia and overseas.

Programs are industry developed, accredited and recognised by professional bodies.

A dedicated campus at Melbourne's Bundoora provides a professional community environment to collaborate and develop skills.

# Information Technology

Solve real-world challenges with IT solutions.

Computer scientists and IT specialists are vital to every industry to help manage data, provide network support and maintain security.

Information technology is a multi-billion dollar industry that underpins almost everything we do in today's digital age. Our computing and IT programs prepare you to meet today's technical challenges and shape how people and technology will interact in the future.

At RMIT you can build a flexible skill set by combining courses that match your passions and talents and customise a university degree to suit your interests.

## Great job prospects through industry exposure

Jin Hu increased her career prospects through industry based projects and networking opportunities whilst studying her Master of Information Technology.

“RMIT has a great reputation for providing industry connections, including providing internship opportunities and exposure to the job market prior to graduation.”

“During my postgraduate degree, I worked in a team to help a financial company build their website. The entire semester was full of dealing with clients and solving problems. The experience was invaluable as it was something that we could not learn from sitting in a lecture theatre.”

“I regularly go to meet-ups with industry as it is a great way to network and to learn new things. The great thing about Melbourne is that there is a great range of free lectures and talks.”

---

## STUDY AREAS

- Computer science
- Information and security
- Information systems
- Information technology
- Software engineering

---

## WHY STUDY INFORMATION TECHNOLOGY AT RMIT?

Among the world's top 100 universities in Computer Science and Information Systems\*.

Get noticed with an internationally recognised IT qualification.

Gain job-ready skills through industry-relevant programs, placements and projects.

RMIT's Programming Club provides a fun and social way to make new connections and familiarise yourself with team-based project work.

# Law

Activate your passion for social justice and develop skills to make positive change in the world.

## Become a leader in the legal sector to help create safer communities and bring justice to individuals.

From resolving disputes and helping people resettle into the community, to developing early intervention programs and criminal justice policy reform – you can really make your mark in the field of law.

At RMIT you'll learn how policies are formed and get the technical skills you need to administer justice.

Criminology, justice and legal studies lead to a wide range of excellent career prospects.

Your options include policing, border protection, corrections, legal administration, mediation, dispute settlement and child protection.

You can also take a role in a civil or criminal law firm, or work within the courts.

### STUDY AREAS

- Justice
- Legal administration and policy

### A step towards a dream job

Driven by her own observations of social injustice, Tia Pynor-Greedy always dreamed of joining the Australian Federal Police.

“I chose to study a Bachelor of Criminal Justice at RMIT because they offer great work opportunities. The University prepares me for my future career by having real people from the industry come in and talk to us about what actually happens in their field.”

“The university has a genuine interest in students' potential and their academic abilities. They go above and beyond, including setting up a tutorial program which has helped me gain extremely successful marks.”

## JUSTICE

				2020						
Bachelor of Criminal Justice	3 years	City	Feb Jul	\$27,840	BP023	6.5 (6.0)	3	-	Y	C
Bachelor of Criminology and Psychology	3 years	City	Feb Jul	\$27,840	BP295	6.5 (6.0)	3	-	Y	-
Bachelor of Justice and Criminology (Honours)	1 year	City	Feb Jul	\$27,840	BH060	6.5 (6.0)	3	Y	Y	-
Master of Justice and Criminology	2 years	City	Feb Jul	\$30,720	MC223	6.5 (6.0)	-	Y	Y	-

## LEGAL ADMINISTRATION AND POLICY

				2020						
Bachelor of Legal and Dispute Studies	3 years	City	Feb Jul	\$27,840	BP204	6.5 (6.0)	3	Y	Y	C

## WHY STUDY LAW AT RMIT?

Access life-changing learning experiences through the Centre for Innovative Justice and programs such as the Inside Out Prison Exchange and Bridge of Hope Innocence Initiative.

RMIT has more than 50 years of experience in legal and justice education and training.

Put your skills into practice through work placements with industry organisations and get your foot in the door with future employers.

For more information visit  
[rmit.edu.au/law](http://rmit.edu.au/law)

# Science

A world of possibility for enquiring minds.

From biology to chemistry, maths and physics, every area of science plays an important role in helping us to understand why and how things work.

It's not all Bunsen burners and lab coats, either. Science is about exploration and discovery – both in the lab and in the field.

At RMIT you'll go beyond the classroom and apply what you've learned to real-life problems. You'll gain hands-on experience working in teams during field studies and excursions, both locally and internationally.

Industry and community projects will give you the chance to put your skills into action and make an impact before you graduate.

These include local field trips, mapping the environment, exploring the aquatic environment or even going overseas to tackle environmental challenges in other countries.

## Set up for success

While studying a Bachelor of Science (Food Technology and Nutrition) at RMIT, Charlize Snyman completed an internship and won an international competition. She now works with one of Australia's leading food and beverage manufacturers.

"I became interested in science after speaking to a family friend who was working as a senior food technologist. She was so passionate about her job and even took me through a supermarket to show me all the products that she had helped to develop.

"RMIT has a great reputation and is known as a leader in the field of food science. The facilities, technology and resources available to students are great. These set me up for success - in my final year at RMIT, I re-invented one of Australia's favourite recipes to win the Australian Institute of Food Science and Technology (AIFST) student product development competition!"

---

## STUDY AREAS

- Applied science
- Biotechnology and biological sciences
- Chemistry
- Environmental science
- Food science and technology
- Mathematics, Statistics and Analytics
- Nanotechnology
- Physics
- Surveying and geospatial sciences

---

## WHY STUDY SCIENCE AT RMIT?

Find your niche with specialised and flexible programs.

Get out of the classroom with field trips, camps and study tours. These include local field trips to Lakes Entrance, mapping the environment at Camp Jungai, exploring the aquatic environment at Lizard Island or even going overseas to tackle environmental challenges in China.

Use industry-standard facilities to learn best practice from day one.

## Global networks open career options

He's a man of many talents, but finding business solutions through web technologies is Prabhat Shrestha's main strength.

"I have been passionate about information technology since a young age and, through experience, I came to enjoy solving business management problems."

"The Master of Business Information Technology at RMIT University became the best choice for me to both combine my interests and build a career around them."

RMIT's programs encourage students to view business and technological solutions through a global lens.

"Learning to work with multicultural, diverse teams to solve business problems with the knowledge of latest technological advancements, has definitely given me an edge in the IT industry – a global industry that talks the same language wherever you go in the world."

"Studying at RMIT helped me connect with people from different backgrounds, cultures and industries."

During his studies, Prabhat completed a project on blockchain technologies and he now hopes to explore this as a future career path.

"RMIT opened a brand new door for me to learn and develop skills to prepare myself for the next disruption in the IT industry."

# Support services

Entering the world of tertiary study can be a big transition. We offer a range of support services to help you succeed, so you'll never have to go it alone.

## Study assistance

Maximise your study time with free workshops, training and advice to help you:

- plan and research your assignments
- manage important deadlines
- prepare for exams
- get IT support

[rmit.edu.au/students/study-support](https://rmit.edu.au/students/study-support)

## Financial support

Things come up and life happens, so if you suddenly find yourself in a severe financial situation, you can apply for an interest-free student loan. We also offer Student Hardship Assistance for urgent and unexpected short-term expenses.

[rmit.edu.au/student-support-finance](https://rmit.edu.au/student-support-finance)

## Legal advice

You can get free, confidential advice on a range of legal issues like employment law, renting, traffic fines and consumer rights.

[rmit.edu.au/student-support-legal](https://rmit.edu.au/student-support-legal)

## Spiritual support

We are committed to supporting students of all faiths and none. You can find prayer rooms on every campus and our trained, multi-faith spiritual advisers can give you support and advice when you need it.

[rmit.edu.au/student-support-chaplaincy](https://rmit.edu.au/student-support-chaplaincy)

## Childcare

Our team at the City Campus Children's Centre speak several languages, and all have a formal qualification in Early Childhood Education.

The Centre caters for children aged three months to five years and features four floors, with outdoor play areas at each level and a secure rooftop area.

[rmit.edu.au/student-support-childcare](https://rmit.edu.au/student-support-childcare)

## Personal counselling

If you're struggling with life events, unexpected losses, relationships, or if you just have something on your mind that you need to talk through, we offer confidential counselling in person and over the phone. We also provide online wellbeing programs and other resources to help you stay on top of things while you study.

[rmit.edu.au/student-support-counselling](https://rmit.edu.au/student-support-counselling)

## Disability and long-term illness support

We make study and exams more accessible to students with a disability, long-term illness or mental health condition through our Equitable Learning Services. This may include classroom adjustments, technology aids, more time to complete assessments, an Auslan interpreter or a scribe. We also assist primary carers of individuals with a disability.

[rmit.edu.au/student-support-ELS](https://rmit.edu.au/student-support-ELS)

## You are welcome

We offer an inclusive environment where students of all abilities, economic backgrounds, cultures, languages, genders and sexualities are welcome and supported.

# Accommodation

Our Student Support Advisors can help you navigate the many accommodation options below.

## Short-term accommodation

It's a good idea to get to know the areas surrounding your campus before you commit to moving in long term. You can try renting temporary lodgings, to get a taste of your location. See the link below for a selection of short stay accommodation providers.

 [rmit.edu.au/temporary-accommodation](https://rmit.edu.au/temporary-accommodation)

## Long-term accommodation

Every suburb in Melbourne has its own unique character, so once you find a place that suits your personality and lifestyle, you can choose from longer-term stays like:

- student apartments
- student hostels
- homestays
- private rentals

 [rmit.edu.au/long-term-accommodation](https://rmit.edu.au/long-term-accommodation)

## Our student accommodation partners

Want to live somewhere fully furnished, reasonably priced and with other students? Take a look at our recommended student apartments close to our City and Brunswick campuses:

 [rmit.edu.au/studentaccommodation](https://rmit.edu.au/studentaccommodation)

For dedicated student accommodation located on our Bundoora campus check out:

 [unilodge.com.au/unilodge-rmit-bundoora](https://unilodge.com.au/unilodge-rmit-bundoora)

## Are you under 18?

If you'll be under the age of 18 when you arrive in Australia, you must have accommodation and welfare arrangements organised and approved either by the Department of Home Affairs or RMIT before you leave home. This is to make sure you have proper day-to-day support to keep you safe and well.

 [rmit.edu.au/international/under18](https://rmit.edu.au/international/under18)

## Free airport pick-up

If you're a new international student, you can take advantage of our free airport pick-up service. We can also help you book temporary accommodation, so you're all set when you land in Melbourne.

# Scholarships

## Discover the scholarships on offer

There are 19 different types of scholarships available to commencing international students at RMIT. These cover all interest areas and levels of study, giving financial support and rewards for academic excellence. There are also full scholarships for Higher Degree by Research students.

### RMIT international coursework scholarships

As a new student you can choose from a range of coursework scholarships, from Pre-university all the way through to Masters by coursework. These scholarships vary in value and duration and can be based on citizenship or program of study.

[rmit.edu.au/international/scholarships](https://rmit.edu.au/international/scholarships)

### RMIT international research scholarships

If you're planning to study a Masters by Research or PhD, you may be eligible for a scholarship to cover your tuition fees, and in some cases your Overseas Student Health Cover and a regular allowance (a 'stipend') to cover your living costs.

[rmit.edu.au/research-scholarships](https://rmit.edu.au/research-scholarships)

### Australia Awards

If you want to be part of the next generation of global leaders, this prestigious, Australian Government-funded scholarship may be for you. If your application is successful, you'll get financial support to study or conduct research while you develop your professional skills.

This scholarship will shape your career and give you the chance to make a lasting impact on development outcomes in your home country. The scholarship covers an Introductory Academic Program, full tuition fees, a stipend for living expenses, Overseas Student Health Cover insurance costs and other expenses including supplementary academic support and travel. We have a dedicated team to support Australia Award scholars, so we'll help you through your study journey.

[rmit.edu.au/australia-awards-scholarships](https://rmit.edu.au/australia-awards-scholarships)

### Sponsoring organisations

We work with a number of high-profile organisations around the world to manage their sponsored students. These include:

- Saudi Arabia Culture Mission (SACM), KSA
- Ministry of Education (UAE), UAE
- Abu Dhabi Police (ADPOLICE), UAE
- Military Division (GHQUAE), UAE
- Ministry of Education (OMAN), Oman
- Ministry of Education (BRUNEI), Brunei Darussalam
- Ministry of Higher Education (KUMOHE), Kuwait
- Majlis Amanah Rakyat (MARA), Malaysia
- Ministry of Education (MOEMAL), Malaysia
- MOH Holdings (MOHHOLSING), Singapore
- Office of Educational Affairs (THAIGO), Royal Thai Embassy
- Fundacion para el Futuro de Colombia (COLFUTURO), Colombia
- Directorate General of Resources for Science, Technology, and Higher Education (RISTEKDIKT), Indonesia
- Indonesian Endowment Fund for Education (LPDP), Indonesia
- Ministry of Religious Affairs (MORA), Indonesia
- Fund for Human Resource Development (FIDERH), Mexico
- National Council for Science and Technology (CONACYT), Mexico
- Higher Education Commission (HECPAK), Pakistan
- Commission of Higher Education (CHED), The Philippines
- Prince of Songkla University (PSU), Thailand
- Vietnam International Education Development (VIED), Vietnam
- Ministry of Culture (MOCVIET), Vietnam
- GuateFuturo Foundation, Guatemala.

# Fees

## Important fee information

- The program information and fees in this publication apply to students starting programs between 1 January and 31 December 2020.
- All fees are quoted in Australian dollars (AU\$) and apply to RMIT University's Australian campuses only.
- RMIT's application fee is non-refundable, but will be credited to your tuition fee deposit once you accept your offer and start your program.

### For details on additional costs

 [rmit.edu.au/programs/fees/other](https://rmit.edu.au/programs/fees/other)

For full-time students, the annual Student Services and Amenities Fee for 2019 is AU\$303.

 [rmit.edu.au/programs/fees](https://rmit.edu.au/programs/fees)

- Fees are held constant for each calendar year and RMIT may increase program fees by an amount that will not exceed 7.5 per cent each year (subject to rounding).
- For Higher Education fees, tuition fees are rounded up to the nearest \$10 per credit point increment, and so the actual fee increase may exceed 7.5 per cent.
- Similarly, for Vocational Education and preparatory students, the program annual fees are rounded up to the nearest \$250, and so the actual fee increase may exceed 7.5 per cent.
- Students starting mid-year will find that the total cost of their program will be slightly higher than if they had started in February, because fee increases are applied at the beginning of each calendar year. (So their second semester may be more expensive after a fee increase at the start of the following year).
- Fees are invoiced on a study period basis according to the enrolled load for that particular study period, except that English language is charged at a weekly fee.

# How to apply

## 1 Research

Find your perfect program at RMIT.

- Check the entry requirements
- Explore your pathway options (see pages 12, 14 and 15)

### Brochure Builder

To create your own personalised brochure about studying at RMIT, visit

[rmit.edu.au/mybrochure](http://rmit.edu.au/mybrochure)

## 2 Prepare

Prepare all the documents you need to apply, for example:

- academic records
- passport (if available)
- proof of English language proficiency

Start organising the documents you will need for your visa application.

**Allow plenty of time for all visa-related actions!**

## 3 Apply

Submit your application to RMIT.

**Allow 10 days** for RMIT to assess your application.

We will contact you if we need more information.

Successful applicants will receive their offer via email.

## 4 Accept your offer

Congratulations!  
You can now accept your offer.

**Allow five days** for RMIT to send your eCOE (electronic Confirmation of Enrolment)

## 5 Visa application

Once you receive your eCOE, you can apply for your visa.

**Allow at least three months.**

The Department of Home Affairs may request more information.

## 6 Organise travel

Once you receive your visa, you can organise your travel to Melbourne.

Make sure you arrive in plenty of time to attend international student welcome.

**Attending international student welcome is very important!**

## Need help?

Contact our student advisors at [isu@rmit.edu.au](mailto:isu@rmit.edu.au)

Contact our Arabic-speaking advisor at [arabic@rmit.edu.au](mailto:arabic@rmit.edu.au)

To submit an enquiry via our website, visit:

 [rmit.edu.au/international-enquiry](http://rmit.edu.au/international-enquiry)

**For more information, visit**

 [rmit.edu.au/international/how-to-apply](http://rmit.edu.au/international/how-to-apply)

# Important dates

Make a note of these important dates.

To ensure you have a great experience during your time at RMIT, it is important you arrive in plenty of time to attend international student welcome.

## Vocational Education

(Certificate, Diploma, Advanced Diploma, Associate Degree, Bachelor of Nursing with Advanced Entry)

	Semester 1, 2020	Semester 2, 2020
International student welcome	10 February	6 July
Classes	10 February to 31 May	6 July to 1 November
Mid-semester break	9–15 April	31 August to 6 September
Exams	9–19 June	2–13 November
Mid-year break	22 June to 5 July	16 December

## English language program

For more information on important dates visit

 [rmittraining.com/academic-english](https://rmittraining.com/academic-english)

## Foundation Studies

Foundation Studies commencement dates:

3 February 2020

20 July 2020

## Higher Education

(Diploma of Commerce, Associate Degree in Business, Bachelor Degree, Graduate Certificate, Graduate Diploma, Masters by Coursework)

	Semester 1, 2020	Semester 2, 2020
International student welcome	24 February	13 July
Classes	2 March to 31 May	20 July to 18 October
Mid-semester break	9–15 April	31 August to 6 September
Exams	9–26 June	26 October to 13 November
Mid-year break	29 June to 19 July	16 December

## Research

Masters by Research and PhD candidates may apply at any time to commence at the start of any month of the year.

For more information on how to apply, visit

 [rmit.edu.au/how-to-apply-for-research](https://rmit.edu.au/how-to-apply-for-research)

For more information  
on important dates, visit

 [rmit.edu.au/important-dates](https://rmit.edu.au/important-dates)

# Entry requirements

To study at RMIT, you must meet the specific entry requirements for the program you want to study.

## Academic requirements

The academic entry requirements will be listed as an Australian grade on each program summary on the RMIT website. A calculator is available that will display the grade you need to achieve in your qualification (where available). You may be eligible to apply for credit to have your previous learning or experience count towards your RMIT program.

## English language proficiency

Unless you gained your qualification in a recognised English-speaking country, you are required to provide current evidence of English language proficiency for admission to RMIT University.

You can provide your results from one of these three options:

- an accepted English language proficiency test
- an accepted English language provider
- a recognised Australian or international qualification taught in English

If you do not meet the standard of English required via an accepted English language proficiency test, RMIT English Worldwide (REW) offers an English language program. See page 10 for more information.

## Additional requirements

For some programs, you also need to complete selection tasks as part of your application.

These may include:

- submitting a portfolio
- completing a preselection kit
- attending an interview (via person, phone or Skype)

Work experience may be required or used for alternative entry for some programs.

Levels of study at RMIT	Pre-university			Vocational	Undergraduate		Postgraduate	Research
	English language programs	Foundation Studies	Victorian Certificate of Education (VCE)	Certificate, Diploma and Advanced Diploma	Associate Degree	Bachelor Degree and Honours Degree	Graduate Certificate, Graduate Diploma and Masters by Coursework	Masters by Research and PhD
English language proficiency IELTS score (or equivalent) required for entry <sup>^</sup>	2.0	5.5		5.5+	6.0+	6.5+	6.5+	6.5+
Academic requirements Score required for entry <sup>&amp;</sup>	Not required	Year 11*		Year 12 <sup>*NB</sup>	Year 12 <sup>*NB</sup>	Year 12 <sup>*#NB</sup>	Undergraduate Degree <sup>NB</sup>	-

<sup>^</sup> Minimum score for each band required. Some programs may require higher a IELTS score.

<sup>\*</sup> Or equivalent senior secondary school or vocational qualification.

<sup>#</sup> Some honours degrees require bachelor degree be completed for entry.

<sup>NB</sup> Some programs also require selection tasks be completed for entry.

<sup>&</sup> Australian qualification equivalent.

## For more information on entry requirements

[rmit.edu.au/research-entry-requirements](https://rmit.edu.au/research-entry-requirements)

[rmit.edu.au/international/entryrequirements](https://rmit.edu.au/international/entryrequirements)

# Visas and laws

## How to apply

To study at RMIT, you'll need to apply for a student visa through the Australian Department of Home Affairs (DHA). To learn more about who can apply and how to prepare your application, you can visit the DHA website at [immi.homeaffairs.gov.au](http://immi.homeaffairs.gov.au)

## Enrolment changes and your visa

If you defer (delay starting) your program, apply for a Leave of Absence or cancel your enrolment, this can affect the status of your student visa. RMIT is legally required to tell the DHA about these changes, so it's important that you understand how they impact you.

## Bring your family

If you want to bring your family with you, you'll need to organise visas for them and take care of them financially. Read more on page 9 – *Getting set up*.

## Working while you study

There are rules about how many hours you can work when you hold a student visa:

- During the semester students can work up to 40 hours each fortnight.
- When there are no classes, during the semester break, students can work full-time hours with no restrictions.
- Research students can work full-time hours with no restrictions.

For more information about working conditions, rights and obligations in Australia, visit: [fairwork.gov.au](http://fairwork.gov.au)

## What happens after you graduate?

If you complete two years of a Bachelor Degree, Masters Degree or PhD in Australia, you could be eligible for a Temporary Graduate Visa, which allows you to live and work in Australia for two more years (sometimes longer). There's also a range of other options to extend your stay in Australia. Check the links below for more information.

### Temporary Graduate Visa:

[bit.ly/temporary-graduate-485](http://bit.ly/temporary-graduate-485)

### Extend your stay:

[bit.ly/extend-stay](http://bit.ly/extend-stay)

## Are you under 18?

If you'll be under 18 when you arrive in Australia, you must have accommodation and welfare arrangements organised and approved either by the Department of Home Affairs or RMIT before you leave home.

[rmit.edu.au/international/under18](http://rmit.edu.au/international/under18)
