

Aloha

An aerial photograph of Honolulu, Hawaii, under a bright blue sky with scattered white clouds. The foreground shows the University of Hawaii campus, characterized by its green-roofed buildings and numerous solar panels. A prominent clock tower stands near the waterfront. The city's skyline, including several high-rise buildings, is visible in the background. The turquoise waters of the harbor are dotted with boats, including a large white ferry and a red and white tugboat. The word "Aloha" is superimposed in large white letters across the top of the image.

Aloha Tower

Built in 1926, this lighthouse is a beacon welcoming thousands of tourists, locals, and HPU students to Honolulu Harbor. One of the most well-known symbols of the Honolulu skyline, Aloha Tower is considered the Statue of Liberty of the Pacific. At HPU we're lucky enough to call Aloha Tower Marketplace home.

A person is surfing on a wave at sunset. The sky is filled with vibrant orange and yellow clouds, and the sun is low on the horizon, creating a strong backlight effect. The surfer is in a crouched position, riding the face of the wave. The water is dark blue, and the wave is breaking with white foam. The overall scene is dynamic and captures a moment of outdoor recreation.
